TERMS PER YEAR, $2,00, IN ADVANCE.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

THE NEWS.

The National Union Convention met in Front Street Theatre, Baltimore, to-day, and was called to order by Hon. E. D. Morgon of New York, chairman of the National Committee. Over 600 delegates are in attendance, many of them from the remote Territories of the country, besides an innumerable host of outsiders. The Rev. Dr. R. J. Breckinridge, of Kentucky, was made temporary President amid much enthusiasm. Mr. Breckinridge is the uncle of that rascally miscreant who now commands a rebel corps under Lee.

We shall probably get the nominations for President and Vice-President by our 10 o'clock dispatches, unless too much time is consumed in agreeing upon a platform. Mr. Lincoln will probably be nominated by acclamation. It is quite likely an effort will be made to have the convention postponed, but it cannot carry. Andrew Johnson, of Tennessee, and D. S. Dickinson, of New York, are prominently named as candidates for the Vice-Presiden cy, with the chances in favor of the former.

The latest information from Grant reports everything going well. Our dispatches contain some interesting details of Friday's fight which was a much more desperate engagement than first reported, and our army failed to accomplish what it undertook to do. The *Herald's* correspondent says it was a bloody, but brilliant victory so far as the 5th corps was concerned, and every officer on Gen. Martindale,s staff was hit.

General Sherman was heard from yesterday at noon, when he reported himself on the railroad at Ackworth, and having full possession to within six miles of Marietta.

Gold was selling in New York to-day at 93.

A CLEVER paragraphist was lately pointed out a few of the noteworthy contradictions in literary history. Steele wrote excellently on temperance—when sober; Johnson's essay on politeness is admirable, but he was himsel a perfect bear; the gloomy verses of Young gave one the blues, but he was a brisk, lively man; the "Comforts of Life," by B Herron, was written in prison, under the most distressing circumstances; "Miseries of Human Life" was, on the contrary, composed in the drawing-room, where the author was surrounded with every luxury; all the friends of Sterne knew him to be a selfish man, yet as a writer he excelled in pathos and charity—at one time beating his wife, at another wasting his sympathies over a dead donkey; Seneca wrote in praise of poverty on a table formed of solid gold, with millions lent out at usury; and some of Hood's comic effusions were written in bodily pain and mental distress.

IN A SPEECH the other day on the tariff, Mr. Grinnell of Iowa called on the West to bring side by side the wool grower and the wool manufacturer, He startled some New England men by the statement that the West already had 479 woolen mills to 453 in the East, and he predicted that the cloth manufacturing empire would be in the Upper Mississippi Valley.

He showed that France, with a denser population than ours, kept eight million more sheep than we; pronounced the American Merino the best cloth-making sheep in the world, and called on his Western countrymen to establish and pursue an agricultural policy that should enrich the soil while clothing the world, instead of wearing out the soil by raising wheat to feed the world.

FRUITS RESPIRE with as much regularity as animals. The enemint chemist, Cahours, has discovered that apples, oranges and lemons, in the state of perfect maturity, when placed under bell glasses containing either pure oxygen, mixtures of nitrogen and oxygen, or atmospheric air, respire by consuming a certain quantity of oxygen and giving off a sensible quantity of carbonic acid.

MRS. LINCOLN.—The Washington correspondent of the Chicago *Journal* says that Mrs. Lincoln is prominent among the ladies who pay daily visits to the hospitals. She carries little delicacies for the wounded, and passes hours in ministering to their wants.

A SPECIAL election takes place in Pennsylvania on the first Tuesday in August next, to decide whether the proposed amendments to the Constitution of the State, permitting soldiers to vote, shall or shall not be adopted.

THE DEMOCRATIC leaders in Congress begin to agitate the propriety of postponing their nomination of a Presidential candidate, till the close of the summer campaign.

IT IS SUPPOSED that 10,000 mechanics, miners and laborers have left New York city for the great West, since January last.

THIRTEEN THOUSAND dollars in gold has been found on board the captured blockade-runner *Minnie*, now at Boston.

THE STATEMENT that the Postal-Money-Order will go into effect on the 1st of July is an error.

THE SOLDIERS on Morris Island publish a paper with the significant title of *The Swamp Angel*.

A SERIES OF "Peace" resolutions were introduced in the rebel Congress a few days ago.

STATE NEWS.

The Galena *Gazette* says that R. H. Champion of New Diggings, Lafayette county, Wisconsin, a few days since sold 3,000,000 lbs. of mineral at $75 per thousand—the whole amounting to $22,500. We hear that this lead last year yielded over $80,000.——The Appleton *Crescent* says the drouth has blasted the high hopes of our sturdy farmers. It is no longer reasonable to expect half a yield of any kind of grain or grass in this section of the State. Famine always follows war: therefore, we may hope that the war is drawing to a close. It also states that there never was so much sickness in River Valley as during the last four months. The mortality among the children has been most marked. It would seem that a large majority of the cases of diptheria, both adults and children, prove fatal, and lung complaints have been quite prevalent.——We learn from the Fox Lake *Gazette* that a young lad, son of Thomas Quinn, was drowned in a well on Saturday morning last. He was playing near the well, and accidently fell in, and before assistance could reach him he was drowned.——A man by the name of Hallenbeck, of East Troy has furnished five sons for the Union army since the breaking out of the war. Last week he himself enlisted, and is now at camp Washburn, a member of the 39th Regiment.——The Prairie du Chien and La Crosse papers both say that the "Old Father of Waters" is at a low stage, almost as low as any time last season. The largest packets run as far as Hastings, where the light draught steamers of the North-Western Line take all the through freight and passengers to St. Paul.——The Wisconsin river, owing to the absence of rain, is said to be studded with rafts waiting for a rise to enable them to run out. The Prairie du Chien *Standard Bearer* give its opinion that there are three hundred rafts within a space of fifty miles above Bridgeport. If the river should not rise soon it must have more or less bearing upon the price of lumber.

GOING TO THE FRONT.—Messrs. L. E. Towne, S. E. Miner and C. Seeber, of Brodhead, passed through this city yesterday on their way to General Sherman's department, to look after the sick and wounded soldiers from Wisconsin generally, and those from Green county in particular.

Any letters intended for these gentlemen should be directed to the care of L. B. Nichols, State Agent, Nashville, Tenn. These gentlemen go on a mission of mercy and love, and will be glad to make themselves useful in any capacity that the friends of the soldiers my require.

PUBLIC MEETING IN BRODHEAD.—At a meeting of the citizens of Brodhead held at the Methodist Episcopal church on Saturday evening June 14th 1864, the following resolutions were unanimously adopted.

1st. Resolved that Dr. L. E. Towne, Rev. S. E. Miner and Christopher Seeber be appointed delegates to visit our sick and wounded soldiers in the Army of the Cumberland, and that they be authorized to receive and distribute any supplies which the friends of the soldier may see fit to forward them at either Nashville or Chattanooga.

2d. Resolved that the thanks of this meeting be tendered to Gov. Lewis, and also to the house of H. S. Thompson & Co. of the City of Milwaukee for the able and efficient aid rendered in procuring transportation for our delegates to the Army of the Cumberland.

3d. Resolved that Rev. E. B. Russel and Christopher Seeber be a committee to make copies of the proceedings of this meeting, and forward the same to the Janesville GAZETTE and Monroe *Sentinel* for publication.

E. D. CLINTON, Chairman.

R. H. RUGG, Secretary.

HOW TO SPIKE A GUN.—A characteristic story is told of Capt. Geo. I. Hedbar, formerly a private in Co. A, Chicago Light Artillery, now commanding the 1st Vermont Battery which was in the late hot fight near Grand Ecore. A private in that battery writes to his father that during the engagement Gen. Banks rode up and said: "Capt. Hebard, your battery will probably be taken: spike your guns!" As the General rode off the Captain addressed his men, saying: "Not by a d—d sight! This battery isn't to be taken nor spiked. Give them double cannister, boys!" The battery was charged upon three times after that; the last time they waited until the rebels were quite near, when they let fly the grape and cannister, literally killing every man within range of the guns. The battery brought off every gun and caisson.—*Chicago Tribune.*

A terrible accident occurred at Bachelor's Creek railway station, North Carolina, on May 20. Four torpedoes, which were being removed from the cars to the platform, and which were a part of those intended to complete the blockade of the Neuse River, were exploded by the cap of one of them being accidentally struck the concussion exploding the other three instantaneously. There were a large number of the 132 and other New-York regiments on the train, and many were killed and wounded.

During the recent battles, as our troops lay behind their fortifications on James river, and the continuous crack of the enemy's rifles was heard on our front, a soldier began the patriotic song, "Rally round the flag, boys," and almost instantly thousands joined, and as

"The Union forever, hurrah boys, hurrah,
Down with the traitor and up with the stars,"

rang out on the night air, the wildest enthusiasm was excited all along the line.

THERE IS A very silly rumor in circulation to the effect that Queen Victoria is going to marry Garabaldi.

SABBATH SCHOOL CONVENTION.—The Committee who are soliciting entertainment for Delegates from abroad, will please report to the Ward committee to-morrow, and they are requested to meet to-morrow, (Wednesday) evening early, at J. T. Wright's store, say 7½ o'clock.

THE EVANSVILLE UNION SPORTING CLUB met at the house of Reuben Johnson on the afternoon of June 4th enjoyed a social chat. Ball play, a sumptuous supper befitting the occasion, at the expense of the beaten party. After supper the count came off, the result of which was about 2,600 gophers, rabbits and blackbirds. Nearly all of them were gophers. J.

ACKNOWLEDGMENTS.—We are in receipt of complimentary tickets to a sacred music concert and festival to be given at the First Presbyterian Church, Milwaukee, on the evening of the 10th inst. This Society has an able minister, one of the finest choirs in the State, and some of the best hearts in the West. It would afford us great pleasure to spend an evening with them, but then we can't.

STRAWBERRY FESTIVAL.—The most complete arrangements have been made for the successful carrying out of the festival for the benefit of the Baptist Mission Sunday School. It it may not be generally known that the proceeds of the festival are to be devoted to the object of finishing the very tasty chapel just erected for mission school purposes, We have no doubt that large numbers will avail themselves of the very agreeable method of doing good, involved in attending this festival,

THE COMMITTEE who are canvassing the Wards to provide for the entertainment of Delegates to the Sunday School Convention, will please hand in their reports by Wednesday (to-morrow noon.)

Those families who have not been called upon and who are willing to entertain one or more of these delegates, will confer a favor by handing in their names to the undersigned. E. S. BARROWS.
County Secretary.

RAIN, RAIN, RAIN!—Nothing is wanted so much in this vicinity as a good soaking rain. Gardens, fields, grain, grass, vegetables, fruit trees, everything cries out lustily for rain. We are promised showers almost daily, but the clouds dry up and blow away, and the wind obeys the slang phrase "down with the *dust.*" The oldest inhabitant has been interrogated and he assures us that he never saw as dry a time so early in the season.

RASCALLY.—A young man named David Higgins has been bound over in the sum of $250, before Justice Hudson, for mutilating a carriage by tearing the cover, a couple of evenings since. He and a companion or two first cut up antics with a horse which was left on the street attached to the vehicle, and afterward, it is alleged, Higgins committed the offense above stated. The arrest of the parties in this affair is due to a soldier on duty in the Provost Marshal's office, named John Kuher, who from his room window in the Bates House, saw the whole thing. Slipping on his clothes he went out on to the street, followed them and *persuaded* them to go and see the Sheriff. If the truth was known we reckon whisky had something to do with the offense.

SERIOUS RAILROAD ACCIDENT.—Yesterday the noon train going north, on the Chicago & Milwaukee Road, met with a very serious accident, a short distance above Kenosha. The train had just reach a high embankment where a bridge crosses a small stream, when the locomotive was thrown from the track, and plunged down the embankment, some 25 or 30 feet, carrying with it the tender and mail car. The engineer, fireman and express agent were seriously, perhaps fatally injured. No one in the passenger coaches was much hurt, though quite a number had bruises to show the narrowness of escape from imminent peril. This road has enjoyed a wonderful immunity from accidents in the past, and this, we learn, occurred from causes beyond the control of those in charge of the road or the train.

LATE EUROPEAN NEWS!

Stanton's Official Bulletin!

FROM CAIRO AND BELOW.

MEMPHIS, June 4.—By the arrival of the steamer *Arthur Hanc*, from Vicksburg, advices to the 1st are received. The *Arthur* was fired into at Columbia, Ark., by a battery of nine guns, six and twelve pounders. Seventeen shots took effect, raking her fore and aft. She was also riddled with musket balls, two miles below the battery. One man was killed and one severely wounded. The gunboat *Louisville* came up and engaged the battery, but they took no notice of her, directing their fire wholly upon the *Arthur* until she was out of range. Three of the marine brigade boats were lying on the opposite shore, just below the battery.—The steamers *Henry Ames* and *James Watson* passed down immediately after the *Arthur* passed, and received the full fire of the battery, but got past without being disabled. It is reported that several thousand infantry are supporting this battery. Gen. Canby is still at Vicksburg engaged in re-organizing his forces. Gen. Slocum's force was actively engaged. Brigadier Gen. McArthur and staff were on the *Arthur, en route* to report to McPherson.

THE WAR IN VIRGINIA.

WASHINGTON, June 6.—Headquarters Army of the Potomac, June 4th, 8 A. M.—Our cavalry was engaged all day yesterday in the vicinity of Hawes' Store. The first attack was made on Hampton's command, which was badly defeated with loss. We afterwards attacked Hall's left on Tatnpotnory river and drove one brigade out of their works and held the place an hour. We then withdrew. We now hold Hawes' Store. Gen. Wilson bivouaced last night between Bethsaida Church and the Pamunky river, and has a strong position. Our loss was not heavy.

The loss in yesterday's engagement was more severe than first reported.

To-day the army has rested, and nothing but artillery duelling has occurred.

In the fight yesterday, Breckenridge occupied the right, Beauregard next, and Longstreet's corps the centre. Ewell was on the left, while Hill's corps was held in reserve. Their artillery fire was good at some points. Two of our cassions were exploded by their shells, and a number of men and horses killed and wounded.

The wounded are being sent off as fast as possible

Among yesterday's casualties are Capt. J. Wayland, 120th Ohio; O. C. Harding, 112th Ohio; Capt. Thomas Black; Lieut. Wayboth, 110th Ohio.

FROM EUROPE.

HALIFAX, June 6.—The evening dispatch sent out by the Steamship *Damascus* and duplicated here, says the *China* notes the reduction on the rates of discount on the bank of England from 8 to 7 per cent.

The correspondent of the London *Times* at Richmond writing under date of April 21st claims that the rebels had full information of Grant's plans for his campaign, in a dispatch a fortnight before Grant marched. The operations of his army since recorded are delineated with extraordinary precision.

The War in Virginia!

THE ATTACK ON FRIDAY LAST!

Hancock, Wright & Smith Go In!

Our loss Severe and Result Indecisive!

Splendid Fighting of our Troops!

ENEMY DRIVEN BACK AT ALL POINTS!

THE WAR IN VIRGINIA.

WASHINGTON, June 6.—The steamer *S. R. Spaulding*, which left the White House at 10 o'clock yesterday morning, arrived here to-day. Direct telegraphic communication has been established between the White House and Washington. There were about 300 rebel prisoners at the White House when the *Spaulding* left.

NEW YORK, June 7.—*Tribune's* special from Cold Harbor, 3d says of Friday's fighting: a general assault was made promptly at the hour ordered, 4:30 A. M. It was made by Hancock, Wright and Smith. Warren and Burnside did not participate. The attack was brave and our loss severe, but the result indecisive generally. The line was advanced materially. Smith carried and retains a distinct and well intrenched position, and the other corps are in possession of detached works of more or less importance, and also held four which drove the enemy. Barlow under Hancock carried everything before him. Capturing guns, prisoners and colors, but owing to his advanced position, he had to relinquish them. Our men set to work immediately to strengthen their newly acquired position. Prisoners were taken from all corps of the army proper, showing that the enemy has used everything he can command.

June 4th, 5 A. M. The enemy made a night attack on the 2d corps last night, which was repulsed with great loss. Sheridan took Bottoms Bridge last night. Cannonading opened on our right, but no musketry.

Another *Tribune's* correspondent says of Fridays fight, that owing to the formidable character of the enemy's works, it was deemed impolitic to continue the assault, and at noon our rear rested in the new positions, after making them impregnable.

Brooks' and Miles' brigade formed the 2d line, preceeded by the 11th Pa. acting as skirmishers, led the charge, charging the works at the point of the bayonet and driving the enemy from them in confusion, but the rebels made a desperate charge while we were reforming and drove our men out a few yards from the works. Here, strong works were constructed and held in spite of their efforts to dislodge. In Barlow's charge, 217 prisoners and one color or more take. Six peices were taken and Col. Morris, 7th N. Y. heavy artillery was about turning the guns on the enemy, when he was charged upon by overpowering masses and compelled to retire.

Another correspondent says: of one thing, the enemy must be thoroughly satisfied: he cannot break our lines through, nor drive our men from their established positions, though he pile every man of all of his corps upon any portion of our line.

Tribune's correspondent at Coal Harbor 5th, says that it is ascertained this morning that the enemy has withdrawn his forces from our right front at Bethsa'da Church, and now and then a cannon is heard, probably from our cavalry skirmishing with the retreating column of the enemy.

Grant says the capture of Richmond is only a question of time. He is confident of his ability to take it.

The *Herald's* correspondent of the 9th army corps, June 4th, says the enemy evacuated their position in the night. Their retreat was most precipitant. Guns and camp equipage being left behind. Ewell has failed again to turn our right. There is now no enemy in front of our corps.

NEW YORK, June 5.—*Herald's* correspondent says that Col. Morris of the 7th heavy artillery was not killed. It was Col. Morris of the 66th Infantry.

Herald's correspondence from the 5th corps, June 4th says in the charge upon the rebel works the veteran corps magnificently brave, at night, after driving the enemy into their works, our men lay within 100 yards of them. Daylight revealed the fact that the enemy had left in great haste abandoning stacks of muskets left on the earthworks. The corps immediately advanced but without any enemy visible, which shows that Ewell's corps was terribly beaten.

NEW YORK, June 7.—Col. Porter of 8th New York heavy artillery, officially published killed is said to be only severely wounded.

Dr. Breckenridge, of Ky., Temporary Chairman!

He Makes a Brief Speech!

THE BALTIMORE CONVENTION.

BALTIMORE, June 7.—The National Union Convention assembled this morning in Front Street Theatre, which was fitted up for the occasion by the city council. There are nearly 600 delegates present, including many from remote territories. New Mexico has sent a delegation.

Hon E. D. Morgan, Chairman of the National Union Committee, called the Convention to order at 12 o'clock, making a brief address.

He proposed Dr. R. J. Breckinridge as temporary Chairman. The announcement was received with great applause, which was renewed on his taking the chair, and three cheers given for the old War Horse of Kentucky.

Breckenridge returned thanks for honor and in a brief speech explained the considerations which induced him to attend the Convention.

THE WAR IN VIRGINIA.

NEW York, June 7.—*Time's* correspondent gives a lengthy detailed account of the operations on Friday, showing the movement as one of the most important of the campaign, being an attack to push the rebels back from their position on this side of the Chickahominy, but failed, though our army was advanced to a new position.

The Key Point, secured by Barlow and Gibbon's divisions was wrestled from them by an overwhelming rebel reserve in a strong line of works.

The *Herald* says of Friday's fight that it was a brief, bloody, but brilliant victory for the 5th corps. It was a hot day for General officers and their staffs. Every one of General Martindale's staff was hit.

The *Herald's* James river correspondent says the iron clad fleet has been moved up abreast of Butler's right wing which is entrenched on the Peninsula formed by the Appotomax and James rivers, and east of the Petersburg railroad; which road our army has been enabled to reach with recently mounted guns.

INSURE WITH THE PHŒNIX INSURANCE COMPANY, HARTFORD.—*Our mode of adjusting losses.* Feeling it a special duty I owe to the Phœnix Insurance Company of Hartford, Conn., I take great pleasure in expressing my thankfulness for the promptness and liberality they have exhibited in honorably adjusting and paying my claim, for loss sustained by the total destruction of my brick store building and stock of merchandise contained therein in Harrodsburg Ky., a few days since, and upon which I had an insurance in the PHŒNIX.

I am to-day in receipt of the amount of my claim $9,500 sixty days before the same was due, according to the terms of the policy, which is satisfactory evidence in my mind that the PHŒNIX is the Company to do business with.

OFFICIAL PAPER OF THE CITY.

THE NEWS.

The National Union Convention met in Front Street Theatre, Baltimore, to-day, and was called to order by Hon. E. D. Morgon of New York, chairman of the National Committee. Over 600 delegates are in attendance, many of them from the remote Territories of the country, besides an innumerable host of outsiders. The Rev. Dr. R. J. Breckinridge, of Kentucky, was made temporary President amid much enthusiasm. Mr. Breckinridge is the uncle of that rascally miscreant who now commands a rebel corps under Lee.

We shall probably get the nominations for President and Vice-President by our 10 o'clock dispatches, unless too much time is consumed in agreeing upon a platform. Mr. Lincoln will probably be nominated by acclamation. It is quite likely an effort will be made to have the convention postponed, but it cannot carry. Andrew Johnson, of Tennessee, and D. S. Dickinson, of New York, are prominently named as candidates for the Vice-Presidency, with the chances in favor of the former.

The latest information from Grant reports everything going well. Our dispatches contain some interesting details of Friday's fight which was a much more desperate engagement than first reported, and our army failed to accomplish what it undertook to do. The *Herald's* correspondent says it was a bloody, but brilliant victory so far as the 5th corps was concerned, and every officer on Gen. Martindale's staff was hit.

General Sherman was heard from yesterday at noon, when he reported himself on the railroad at Ackworth, and having full possession to within six miles of Marietta.

Gold was selling in New York to-day at 93.

A CLEVER paragraphist was lately pointed out a few of the noteworthy contradictions in literary history. Steele wrote excellently on temperance—when sober; Johnson's essay on politeness is admirable, but he was himself a perfect bear; the gloomy verses of Young gave one the blues, but he was a brisk, lively man; the "Comforts of Life," by B Herron, was written in prison, under the most distressing circumstances; "Miseries of Human Life" was, on the contrary, composed in the drawing-room, where the author was surrounded with every luxury; all the friends of Sterne knew him to be a selfish man, yet as a writer he excelled in pathos and charity—at one time beating his wife, at another wasting his sympathies over a dead donkey; Seneca wrote in praise of poverty on a table formed of solid gold, with millions lent out at usury; and some of Hood's comic effusions were written in bodily pain and mental distress.

IN A SPEECH the other day on the tariff, Mr. Grinnell of Iowa called on the West to bring side by side the wool grower and the wool manufacturer. He startled some New England men by the statement that the West already had 479 woolen mills to 453 in the East, and he predicted that the cloth manufacturing empire would be in the Upper Mississippi Valley.

He showed that France, with a denser population than ours, kept eight million more sheep than we; pronounced the American Merino the best cloth-making sheep in the world, and called on his Western countrymen to establish and pursue an agricultural policy that should enrich the soil while clothing the world, instead of wearing out the soil by raising wheat to feed the world.

FRUITS RESPIRE with as much regularity as animals. The enemint chemist, Cahours, has discovered that apples, oranges and lemons, in the state of perfect maturity, when placed under bell glasses containing either pure oxygen, mixtures of nitrogen and oxygen, or atmospheric air, respire by consuming a certain quantity of oxygen and giving off a sensible quantity of carbonic acid.

MRS. LINCOLN.—The Washington correspondent of the Chicago *Journal* says that Mrs. Lincoln is prominent among the ladies who pay daily visits to the hospitals. She carries little delicacies for the wounded, and passes hours in ministering to their wants.

A SPECIAL election takes place in Pennsylvania on the first Tuesday in August next, to decide whether the proposed amendments to the Constitution of the State, permitting soldiers to vote, shall or shall not be adopted.

THE DEMOCRATIC leaders in Congress begin to agitate the propriety of postponing their nomination of a Presidential candidate, till the close of the summer campaign.

IT IS SUPPOSED that 10,000 mechanics, miners and laborers have left New York city for the great West, since January last.

THIRTEEN THOUSAND dollars in gold has been found on board the captured blockade-runner *Minnie*, now at Boston.

THE STATEMENT that the Postal-Money-Order will go into effect on the 1st of July is an error.

THE SOLDIERS on Morris Island publish a paper with the significant title of *The Swamp Angel*.

A SERIES OF "Peace" resolutions were introduced in the rebel Congress a few days since.

STATE NEWS.

The Galena *Gazette* says that R. H. Champion of New Diggings, Lafayette county, Wisconsin, a few days since sold 3,000,000 lbs. of mineral at $75 per thousand—the whole amounting to $22,500. We hear that this lead last year yielded over $80,000.——The Appleton *Crescent* says the drouth has blasted the high hopes of our sturdy farmers. It is no longer reasonable to expect half a yield of any kind of grain or grass in this section of the State. Famine always follows war: therefore, we may hope that the war is drawing to a close. It also states that there never was so much sickness in River Valley as during the last four months. The mortality among the children has been most marked. It would seem that a large majority of the cases of diptheria, both adults and children, prove fatal, and lung complaints have been quite prevalent.——We learn from the Fox Lake *Gazette* that a young lad, son of Thomas Quinn, was drowned in a well on Saturday morning last. He was playing near the well, and accidently fell in, and before assistance could reach him he was drowned.——A man by the name of Hallenbeck, of East Troy has furnished five sons for the Union army since the breaking out of the war. Last week he himself enlisted, and is now at camp Washburn, a member of the 30th Regiment.——The Prairie du Chien and La Crosse papers both say that the "Old Father of Waters" is at a low stage, almost as low as any time last season. The largest packets run as far as Hastings, where the light draught steamers of the North-Western Line take all the through freight and passengers to St. Paul.——The Wisconsin river, owing to the absence of rain, is said to be studded with rafts waiting for a rise to enable them to run out. The Prairie du Chien *Standard Bearer* give its opinion that there are three hundred rafts within a space of fifty miles above Bridgeport. If the river should not rise soon it must have more or less bearing upon the price of lumber.

GOING TO THE FRONT.—Messrs. L. E. Towne, S. E. Miner and C. Seeber, of Brodhead, passed through this city yesterday on their way to General Sherman's department, to look after the sick and wounded soldiers from Wisconsin generally, and those from Green county in particular.

Any letters intended for these gentlemen should be directed to the care of L. B. Nichols, State Agent, Nashville, Tenn. These gentlemen go on a mission of mercy and love, and will be glad to make themselves useful in any capacity that the friends of the soldiers my require.

PUBLIC MEETING IN BRODHEAD.—At a meeting of the citizens of Brodhead held at the Methodist Episcopal church on Saturday evening June 14th 1864, the following resolutions were unanimously adopted.

1st. Resolved that Dr. L. E. Towne, Rev. S. E. Miner and Christopher Seeber be appointed delegates to visit our sick and wounded soldiers in the Army of the Cumberland, and that they be authorized to receive and distribute any supplies which the friends of the soldier may see fit to forward them at either Nashville or Chattanooga.

2d. Resolved that the thanks of this meeting be tendered to Gov. Lewis, and also to the house of H. S. Thompson & Co. of the City of Milwaukee for the able and efficient aid rendered in procuring transportation for our delegates to the Army of the Cumberland.

3d. Resolved that Rev. E. B. Russel and Christopher Seeber be a committee to make copies of the proceedings of this meeting, and forward the same to the Janesville GAZETTE and Monroe *Sentinel* for publication. E. D. CLINTON, Chairman.

R. H. ROOT, Secretary.

HOW TO SPIKE A GUN.—A characteristic story is told of Capt. Geo. I. Hedbar, formerly a private in Co. A, Chicago Light Artillery, now commanding the 1st Vermont Battery which was in the late hot fight near Grand Ecore. A private in that battery writes to his father that during the engagement Gen. Banks rode up and said: "Capt. Hebard, your battery will probably be taken: spike your guns!" As the General rode off the Captain addressed his men, saying: "Not by a d—d sight! This battery isn't to be taken nor spiked. Give them double cannister, boys!" The battery was charged upon three times after that; the last time they waited until the rebels were quite near, when they let fly the grape and cannister, literally killing every man within range of the guns. The battery brought off every gun and caisson.—*Chicago Tribune.*

A terrible accident occurred at Bachelor's Creek railway station, North Carolina, on May 20. Four torpedoes, which were being removed from the cars to the platform, and which were a part of those intended to complete the blockade of the Neuse River, were exploded by the cap of one of them being accidentally struck the concussion exploding the other three instantaneously. There were a large number of the 132 and other New-York regiments on the train, and many were killed and wounded.

During the recent battles, as our troops lay behind their fortifications on James river, and the continuous crack of the enemy's rifles was heard on our front, a soldier began the patriotic song, "Rally round the flag, boys," and almost instantly thousands joined, and as

"The Union forever, hurrah boys, hurrah,
Down with the traitor and up with the stars,"

rang out on the night air, the wildest enthusiasm was excited all along the line.

THERE IS A very silly rumor in circulation to the effect that Queen Victoria is going to marry Garabaldi.

SABBATH SCHOOL CONVENTION.—The Committee who are soliciting entertainment for Delegates from abroad, will please report to the Ward committee to-morrow, and they are requested to meet to-morrow, (Wednesday) evening early, at J. T. Wright's store, say 7½ o'clock.

THE EVANSVILLE UNION SPORTING CLUB met at the house of Reuben Johnson on the afternoon of June 4th enjoyed a social chat. Ball play, a sumptuous supper befitting the occasion, at the expense of the beaten party. After supper the count came off, the result of which was about 2,600 gophers, rabbits and blackbirds. Nearly all of them were gophers. J.

ACKNOWLEDGMENTS.—We are in receipt of complimentary tickets to a sacred music concert and festival to be given at the First Presbyterian Church, Milwaukee, on the evening of the 10th inst. This Society has an able minister, one of the finest choirs in the State, and some of the best hearts in the West. It would afford us great pleasure to spend an evening with them, but then we can't.

STRAWBERRY FESTIVAL.—The most complete arrangements have been made for the successful carrying out of the festival for the benefit of the Baptist Mission Sunday School. It it may not be generally known that the proceeds of the festival are to be devoted to the object of finishing the very tasty chapel just erected for mission school purposes. We have no doubt that large numbers will avail themselves of the very agreeable method of doing good, involved in attending this festival.

THE COMMITTEE who are canvassing the Wards to provide for the entertainment of Delegates to the Sunday School Convention, will please hand in their reports by Wednesday (to-morrow noon.)

Those families who have not been called upon and who are willing to entertain one or more of these delegates, will confer a favor by handing in their names to the undersigned. E. S. BARROWS.

County Secretary.

RAIN, RAIN, RAIN!—Nothing is wanted so much in this vicinity as a good soaking rain. Gardens, fields, grain, grass, vegetables, fruit trees, everything cries out lustily for rain. We are promised showers almost daily, but the clouds dry up and blow away, and the wind obeys the slang phrase "down with the *dust*." The oldest inhabitant has been interrogated and he assures us that he never saw as dry a time so early in the season.

RASCALLY.—A young man named David Higgins has been bound over in the sum of $250, before Justice Hudson, for mutilating a carriage by tearing the cover, a couple of evenings since. He and a companion or two first cut up antics with a horse which was left on the street attached to the vehicle, and afterward, it is alleged, Higgins committed the offense above stated. The arrest of the parties in this affair is due to a soldier on duty in the Provost Marshal's office, named John Kucher, who from his room window in the Bates House, saw the whole thing. Slipping on his clothes he went out on to the street, followed them and *persuaded* them to go and see the Sheriff. If the truth was known we reckon whisky had something to do with the offense.

SERIOUS RAILROAD ACCIDENT.—Yesterday the noon train going north, on the Chicago & Milwaukee Road, met with a very serious accident, a short distance above Kenosha. The train had just reach a high embankment where a bridge crosses a small stream, when the locomotive was thrown from the track, and plunged down the embankment, some 25 or 30 feet, carrying with it the tender and mail car. The engineer, fireman and express agent were seriously, perhaps fatally injured. No one in the passenger coaches was much hurt, though quite a number had bruises to show the narrowness of escape from imminent peril. This road has enjoyed a wonderful immunity from accidents in the past, and this, we learn, occurred from causes beyond the control of those in charge of the road or the train.

The Fighting on the Chickahominy!

LATE EUROPEAN NEWS!

Stanton's Official Bulletin!

FROM CAIRO AND BELOW.

MEMPHIS, June 4.—By the arrival of the steamer *Arthur Hane*, from Vicksburg, advices to the 1st are received. The *Arthur* was fired into at Columbia, Ark., by a battery of nine guns, six and twelve pounders. Seventeen shots took effect, raking her fore and aft. She was also riddled with musket balls, two miles below the battery. One man was killed and one severely wounded. The gunboat *Louisville* came up and engaged the battery, but they took no notice of her, directing their fire wholly upon the *Arthur* until she was out of range. Three of the marine brigade boats were lying on the opposite shore, just below the battery.—The steamers *Henry Ames* and *James Watson* passed down immediately after the *Arthur* passed, and received the full fire of the battery, but got past without being disabled. It is reported that several thousand infantry are supporting this battery. Gen. Canby is still at Vicksburg engaged in re-organizing his forces. Gen. Slocum's force was actively engaged. Brigadier Gen. McArthur and staff were on the *Arthur, en route* to report to McPherson.

THE WAR IN VIRGINIA.

WASHINGTON, June 6.—Headquarters Army of the Potomac, June 4th, 8 A. M.—Our cavalry was engaged all day yesterday in the vicinity of Hawes' Store. The first attack was made on Hampton's command, which was badly defeated with loss. We afterwards attacked Hall's left on Tatapotnory river and drove one brigade out of their works and held the place an hour. We then withdrew. We now hold Hawes' Store. Gen. Wilson bivouaced last night between Bethsaida Church and the Pamunky river, and has a strong position. Our loss was not heavy.

The loss in yesterday's engagement was more severe than first reported.

To-day the army has rested, and nothing but artillery duelling has occurred.

In the fight yesterday, Breckenridge occupied the right, Beauregard next, and Longstreet's corps the centre. Ewell was on the left, while Hill's corps was held in reserve. Their artillery fire was good at some points. Two of our cassions were exploded by their shells, and a number of men and horses killed and wounded.

The wounded are being sent off as fast as possible.

Among yesterday's casualties are Capt. J. Wayland, 126th Ohio; O. C. Harding, 112th Ohio; Capt. Thomas Black; Lieut. Wayboth, 110th Ohio.

FROM EUROPE.

HALIFAX, June 6.—The evening dispatch sent out by the Steamship *Damascus* and duplicated here, says the *China* notes the reduction on the rates of discount on the bank of England from 8 to 7 per cent.

The correspondent of the London *Times* at Richmond writing under date of April 21st claims that the rebels had full information of Grant's plans for his campaign, in a dispatch a fortnight before Grant marched. The operations of his army since recorded are delineated with extraordinary precision.

His Holiness the Pope, took part in the procession at the festival of Corpus Christi, on the 26th.

The War in Virginia!

THE ATTACK ON FRIDAY LAST!

Hancock, Wright & Smith Go In!

Our loss Severe and Result Indecisive!

Splendid Fighting of our Troops!

ENEMY DRIVEN BACK AT ALL POINTS!

THE WAR IN VIRGINIA.

WASHINGTON, June 6.—The steamer *S. R. Spaulding*, which left the White House at 10 o'clock yesterday morning, arrived here to-day. Direct telegraphic communication has been established between the White House and Washington. There were about 300 rebel prisoners at the White House when the *Spaulding* left.

NEW YORK, June 7.—*Tribune's* special from Cold Harbor, 3d says of Friday's fighting: a general assault was made promptly at the hour ordered, 4:30 A. M. It was made by Hancock, Wright and Smith. Warren and Burnside did not participate. The attack was brave and our loss severe, but the result indecisive generally. The line was advanced materially. Smith carried and retains a distinct and well intrenched position, and the other corps are in possession of detached works of more or less importance, and also held four which drove the enemy. Barlow under Hancock carried everything before him. Capturing guns, prisoners and colors, but owing to his advanced position, he had to relinquish them. Our men set to work immediately to strengthen their newly acquired position. Prisoners were taken from all corps of the army proper, showing that the enemy has used everything he can command.

June 4th, 5 A. M. The enemy made a night attack on the 2d corps last night, which was repulsed with great loss. Sheridan took Bottoms Bridge last night. Cannonading opened on our right, but no musketry.

Another *Tribune's* correspondent says of Fridays fight, that owing to the formidable character of the enemy's works, it was deemed impolitic to continue the assault, and at noon our rear rested in the new positions, after making them impregnable.

Brooks' and Miles' brigade formed the 2d line, preceeded by the 14th P.a. acting as skirmishers, led the charge, charging the works at the point of the bayonet and driving the enemy from them in confusion. but the rebels made a desperate charge while we were reforming and drove our men out a few yards from the works. Here, strong works were constructed and held in spite of their efforts to dislodge. In Barlow's charge, 217 prisoners and one color or more take. Six peices were taken and Col. Morris, 7th N. Y. heavy artillery was about turning the guns on the enemy, when he was charged upon by overpowering masses and compelled to retire.

Another correspondent says: of one thing, the enemy must be thoroughly satisfied: he cannot break our lines through, nor drive our men from their established positions, though he pile every man of all of his corps upon any portion of our line.

Tribune's correspondent at Coal Harbor 5th, says that it is ascertained this morning that the enemy has withdrawn his forces from our right front at Bethsaida Church, and now and then a cannon is heard, probably from our cavalry skirmishing with the retreating column of the enemy.

Grant says the capture of Richmond is only a question of time. He is confident of his ability to take it.

The *Herald's* correspondent of the 9th army corps, June 4th, says the enemy evacuated their position in the night. Their retreat was most precipitant. Guns and camp equipage being left behind. Ewell has failed again to turn our right. There is now no enemy in front of our corps.

NEW YORK, June 5.—*Herald's* correspondent says that Col. Morris of the 7th heavy artillery was not killed. It was Col. Morris of the 60th Infantry.

Herald's correspondence from the 5th corps, June 4th says in the charge upon the rebel works the veteran corps magnificently brave, at night, after driving the enemy into their works, our men lay within 100 yards of them. Daylight revealed the fact that the enemy had left in great haste abandoning stacks of muskets left on the earthworks. The corps immediately advanced but without any enemy visible, which shows that Ewell's corps was terribly beaten.

NEW YORK, June 7.—Col. Porter of of 8th New York heavy artillery, officially published killed is said to be only severely wounded.

Dr. Breckenridge, of Ky., Temporary Chairman!

He Makes a Brief Speech!

THE BALTIMORE CONVENTION.

BALTIMORE, June 7.—The National Union Convention assembled this morning in Front Street Theatre, which was fitted up for the occasion by the city council. There are nearly 600 delegates present, including many from remote territories. New Mexico has sent a delegation.

Hon E. D. Morgan, Chairman of the National Union Committee, called the Convention to order at 12 o'clock, making a brief address.

He proposed Dr. R. J. Breckinridge as temporary Chairman. The announcement was received with great applause, which was renewed on his taking the chair, and three cheers given for the old War Horse of Kentucky.

Breckenridge returned thanks for honor and in a brief speech explained the considerations which induced him to attend the Convention.

THE WAR IN VIRGINIA.

NEW YORK, June 7.—*Time's* correspondent gives a lengthy detailed account of the operations on Friday, showing the movement as one of the most important of the campaign, being an attack to push the rebels back from their position on this side of the Chickahominy, but failed, though our army was advanced to a new position.

The Key Point, secured by Barlow and Gibbon's divisions was wrestled from them by an ovdrwhelming rebel reserve in a strong line of works.

The *Herald* says of Friday's fight that it was a brief, bloody, but brilliant victory for the 5th corps. It was a hot day for General officers and their staffs. Every one of General Martindale's staff was hit.

The *Herald's* James river correspondent says the iron clad fleet has been moved up abreast of Butler's right wing which is entrenched on the Peninsula formed by the Appotomax and James rivers, and east of the Petersburg railroad; which road our army has been enabled to reach with recently mounted guns.

INSURE WITH THE PHŒNIX INSURANCE COMPANY, HARTFORD.—*Our mode of adjusting losses.* Feeling it a special duty I owe to the Phœnix Insurance Company of Hartford, Conn., I take great pleasure in expressing my thankfulness for the promptness and liberality they have exhibited in honorably adjusting and paying my claim, for loss sustained by the total destruction of my brick store building and stock of merchandise contained therein in Harrodsburg Ky., a few days since, and upon which I had an insurance in the PHŒNIX.

I am to-day in receipt of the amount of my claim $9,500 sixty days before the same was due, according to the terms of the policy, which is satisfactory evidence in my mind that the PHŒNIX is the Company to do business with.

TUESDAY, JUNE 7, 1864.

Old Birds are not Caught with Chaff.

The malcontents who met in Cleveland the other day, expressed great regret over the absence of Horace Greeley, who had been confidently counted on to be present and give some sort of character to the proceedings. His well known hostility to Mr. Lincoln's re-nomination, or at least his undisguised preference for Fremont, gave those obscure individuals who tricked themselves out in the tinsel of politicians, reason to hope that the powerful influence of the *Tribune* would be given to their candidate. But Mr. Greeley has been in political life too long to read the lessons of the times backwards, neither does he belong to that breed of dunces who are caught with their hooks upside down; and seeing what a shameful fizzle the Cleveland Convention must be from the very necessity of the case, the white-coated philosopher kept himself aloof from it. Not only does he give it the cold shoulder personally, but he does not publish the proceedings in his *Tribune*; whereupon the New York *World* (malignant copperhead) that has become the especial champion of the Fremont movement, twits the *Tribune* editor for having backed out, after this fashion:

"It is a curious circumstance that the *Tribune*, whose editor has been so strongly committed to the anti-Lincoln movement, could not find room yesterday for the proceedings of the Cleveland Convention. Its readers were compelled to buy the *World* to read Wendell Phillip's letter, Cochrane's speech, the German radical resolutions, etc. This fact, together with Mr. Greeley's reported sudden conversion to Lincolnism, and his presence in Washington on Tuesday, is furnishing the scandal-mongers with some choice bits of gossip. It is is curious, by the way, that Mr. Greeley should have changed his mind so suddenly."

Mr. Greeley's "sudden conversion to Lincolnism" we do not believe to have been either "sudden" or pleasant, but he has seen the inevitable tendency of things in a certain direction and is too much of a philosopher to kick against the pricks. He is willing to wave his own personal preferences for the general good, and is not so insane as to become a man-worshiper at a time when every true patriot makes haste to cast out the evil spirit of faction, and inscribe upon his banner *"the union of the party for the sake of the Union."* When nearly every loyal State and some of the semi-loyal ones declare for Abraham Lincoln and instruct their delegates to vote for him first, last and all the time, as they will do in Convention at Baltimore to-day, it will not pay any loyal man who has the best interests of the Republic at at heart and who wishes to see the integrity of our government preserved, to run with the Cleveland machine. If the nominee of the Baltimore convention is not elected the chief magistrate of the nation, the candidate of the copperheads will be, and the American people will feel next fall the awful responsibility that rests upon them in the exercise of their sacred right of suffrage as they have never felt it before. They cannot afford to fritter away now the life of the nation that they have made so many sacrifices to preserve. They cannot afford to retrace the bloody steps that the inscrutable decree of an over-ruling Providence has compelled them to take for humanity's sake, and turn over the management of affairs to the hands of those whose bowels of compassion are continually exercised toward those men whose murderous clutch is now at the nation's throat. They can not stop to redress the grievances of any one man, be he Mr. Fremont or any one else. The dreadful necessities of the hour will not admit of it. Principles are at stake as enduring and as sacred as humanity, and run parallel with the destiny of the race of man. Compared with these the wrongs of single individuals, of cliques and of parties, are no more to be regarded, than the motes that float in the sunbeam.

IN ENGLAND it is no easy matter to become an attorney and solicitor. Since 1843 and 1861 the process is as follows: Before one can be articled, even as a clerk, he must pass an examination before special examiners, and be able to write from dictation; must possess a knowledge of composition, grammer, geography, history, &c., and submit to questions on some subject in Latin, Greek, German, French, Spanish or Italian. If successful, he must next be articled to a practising solicitor, paying a premium for his articles of from £5 to £100, according to the respectability of the office into which he enters. In London the fee is as high as £200 or £200. On these articles a stamp duty of £80 is also paid, and the term of service under them is five years. When he is finally examined for admission he has to pay other fees of from £30 to £40, and much more on being allowed to practice in the respective courts.

IT APPEARS that the rebels in the vicinity of Fredericksburg and the Wilderness, have been paroling sick and straggling soldiers who have fallen into their hands. These by constructing rafts, manage to make their way out into the river, where they show signs of distress, and are picked up by passing boats and taken to Washington.

SURGICAL AID FROM WISCONSIN.—In a letter to Gov. Lewis from Washington, May 27th, Surgeon General Wolcott writes:

The views of the acting Surgeon General, and they fully accord with my own, are, that surgical aid from our state more appropriately belongs to the western army under Gen. Sherman, and that when assistance is needed in that quarter, Assistant General Wood, of St. Louis, will call for such numbers of the "Aid Corps" as he may deem necessary.

THE publishers of the Chicago *Tribune* have been sued for libel. They charged a democratic alderman of Chicago with an attempt to bribe a republican alderman. Damages considered $20,000.

A Scene of Sherman's Operations.

A correspondent of the Cincinnati *Commercial*, writing from the battle-field of Resaca, in Georgia, under date of May 16th, says:

I was led to believe by reports of persons and deserters that the railways of the south, and especially the road running from Atlanta to the front, was in a wretched state of repairs. But such is not the case. The road from Resaca to Ringgold is not equalled by any road south of the Ohio, except that of the Memphis and Charleston line. What seems a little strange is the fact that as the enemy took the back track not a rail was disturbed nor the slightest injury inflicted on any part of the line. The rolling stock was all run off, and the naked track left uninjured. Prominent officers captured with whom I have conversed, assert that the reason the road was not disturbed is that the enemy expects to drive back Sherman and recover the country now placed at his mercy.

From Ringgold to Resaca the country is much broken by hills. Catoosa valley, stretching from Hooker's Gap to Buzzard Roost Gap, is very fertile and well watered, but has never been much cultivated. A few farms are found occupied by poor union families, who, preferring our rule to that of Davis, have remained in squalid poverty to eke out a miserable existence, until peace once more showers its blessings, for three years denied them, upon them. On the left of Rocky Face, in Crow Valley, splendid farms are found, and large portions of them are robed in mantles of green which in a few weeks will give back a bountiful return for the labor of planting.

Leaving Dalton in the rear, we strike a large country bounded on the west by the Chattanooga mountains and on the east by the waters of the Ostenaula. It extends from Dalton to the confluence of snake Creek with the Ostenaula, two miles below Resaca. This is known as sugar valley, and is the scene of the victory which we have just achieved over the enemy. The valley has but few cultivated farms, as it is much broken by hills, and the soil is inferior to other portions of the country over which we have passed.

Gossip about General Grant.

[Correspondence Boston Journal.]

Many inquiries have been made about General Grant's politics. I am happy to inform your readers from his own lips to what party he belongs and under what banner he marches. A near relative of his has been passing some time in this city. While with General Grant at the West, before he was made Lieutenant General, the friend said to him: "General, I have been inquired of to-day about your politics." "Did you give the parties any information?" was the quiet query. "I did not," was the answer, "for I don't know what your politics are." Knocking the ashes from his cigar, the general continued: "When I resided at the South I had the opinions and prejudices of Southern people against the Republican party. I brought those opinions and prejudices with me when I came to Illinois. Had I taken an active part in politics I should have been with the party opposed to the Republicans. I watched Mr Lincoln's course, and was satisfied with his patriotism. But these are not the times for parties. Indeed, in this crisis there can be but two parties—those for the country, those for its foes. I belong to the party for the Union. Those who are the most earnest in carrying on the war and putting down the rebellion, have my support. As a soldier, I obey the laws and execute the orders of all my superiors. I expect every man under me to do the same. "When Mrs. Grant left Washington for her Western home she remained a short time in this city at the Fifth Avenue Hotel. Several gentlemen called upon her, and in the course of the conversation congratulated her on the elevation of her husband, and expressed a hope that he would be successful in this campaign. Her whole manner, quiet, dignified and reserved, seemed to express surprise that any one could doubt his success. Pausing a moment she replied: "I have no doubt but the General will succeed for he is a very *obstinate* man. A Galena neighbor of the Commanding General has been stopping here some time and seems utterly confounded with the sudden growth of his nighbor, the tanner. He can't account for it, for he was not a marked man in his home, and nobody supposed him a great man; he seldom talked, asked no advice, gave none to any one, but always did what he agreed to and at the time.

Wooden Arms and Legs.

[From The Journal of Commerce.]

Every crippled soldier receives from the medical director of the military department for which he enlisted or was drafted, an order upon some manufacturer with whom the government has a contract, to make good his missing limb. For a leg or an arm, made in the best style, the government pays to the maker $50. There is one variety of arm, possessing the life like characteristic of a wrist motion, for which Dr. Palmer is allowed to charge $100, of which sum the government pays $50, leaving the soldier to pay the balance if he desires that superior article.

The applicants are so numerous that the makers are nearly six months behind in filling orders. This is explained by the fact that each customer has to be measured with anatomical accuracy. The wooden leg must be a duplicate of the sound one in length, size, general shape. The foot must be of the same size and ankle in its relation to the legs as the flesh and blood one.

In weight, however, the semblance ceases. The average weight of wooden legs (made from English willow, which combines strength and lightness in an extraordinary degree) is about 3½ lbs. A leg of this weight is strong enough to bear up a heavy body. Persons of short and slender build, who do not have occasion to walk about much, can get along with 2½ lb. size. With the improved wooden leg, a man can walk rapidly, dance discreetly, run up and down stairs pretty nimbly, run at a moderate gait, and inflict a kick, not to be despised for its momentum and pointedness. The wearer can promenade Broadway, and not be suspected of a ligneous underpinning. It is almost impossible, even when told that he wears a wooden leg to tell which it is.

An artificial leg, with use, will last 12 or 15 years, without repairs. When it begins to grow shaky in the joints, the wearer has but to send it to the maker, and it is soon fixed up as new. With care it will outlast a real leg. After the wearer has become accustomed to it, it gives him no pain. In time it becomes his pet leg, cherished with peculiar affection because it enjoys a perpetual immunity from corns, chilblains and the strangulation of tight boots.

The improved wooden arm, with the motion, and the finger springs, enables the wearer to do a great deal of useful work, and even to labor at difficult mechanical handicrafts. One man in this city, who has two artificial arms of the best pattern, manages a knife and fork and gestulates so naturally that no one would suspect the amount of wood in his braceial members, but for the circumstance that he always wears gloves. His fingers, when at rest, assume a position even more graceful than those of most people's fleshy hands—those most troublesome of the extremities to make a satisfactory disposition of.

It is some consolation to know that one of the horrors of war, which will not survive the war itself will be the spectacle of soldiers going about the streets on crutches, or carrying empty coat sleeves pinned to gallant breasts.

NATIVE WINES.—Sacred History abounds in allusions to wine, and as there are thirteen distinct Hebrew terms used in the Bible to distinguish vintages of diffrent kinds, condition and ages, it is evident that the "ancient people" were no less particular in the matter of "brands" than are the people of the present day. The Greek and Romans had two hundred varieties, of which the "Falernian" was the choicest; and the products of particular vinyards were as highly esteemed in Athens and Rome, as the Cliquot and Metternich wines now are in London and Paris. The wines of antiquity were often villainously adulterated. The art of "doctoring" the juice of the grape is so far from being a modern invention that it dates back to the siege of Troy. Helen, the fair and frail, is said to have learned the trick in Egypt, and to have practised it for the sake of increasing the exhilerating properties of the wine she gave to the defenders of the city after a hard battle with the Greeks.

The safest and best of all exhilarants is *good wine:* Many physicians and matrons suppose we must have foreign wine. There is one hundred times the quantity of wines exported from France, Spain and Germany, than can be manufactured there from the quantity of grapes. There is but one safeguard, and that is to use our pure native wines. Imported wines now pay a heavy duty, and a bottle of real Port or Sherry can only be obtained at a high price. There is no duty or tax on native wines—therefore, in the name of purity and economy, let us have our own native wines.

Messrs. Bennett Pieters & Co., of Chicago, always have an assorted stock of fine imported wines in U. S. bonded warehouses, from the most reliable houses of France, Spain and Germany, also brandies, gins, rums, &c.; and have for the past three years been making extensive preparations for the manufacture of home-made wines. They have the most extensive arrangements with fruit, growers, and in the proper season they gather strawberries, cherries, peaches, blackberries, raspberries &c. &c., to an enormous amount. Their strawberry, cherry, blackberry, raspberry and muscat wines far excel many of the imported wines, both in purity and exhilarating effects. Many of these home-made wines are being largely adulterated, and many a bottle of cherry wine is sold, which never had a drop of cherry juice in it. Buy none but those with the unmistakable label of Bennett Pieters & Co. These gentlemen are men of high respectability, and guarantee every article from their house, pure and unadulterated.

The Kind of Insurance Worth Having!

On the morning of the 23d of February, the brick block, occupied by the "Lafayette Journal Co.," in Lafayette, Ind., was burned to the ground. The PHŒNIX had a policy of $5,000 on the type, presses and machinery of the "Journal"—the proofs of the loss were handed in at the General Agency Office in Cincinnati on the 26th, and on the same day, Mr. Schuyler, representing the "Journal Co." received a draft for the full amount of his policy, as will be seen by the following receipt:

$5,000.

CINCINNATI, O., Feb. 29th, 1864.

Received of the PHŒNIX INSURANCE COMPANY, of Hartford, Connecticut, by H. M. Magill, General Agent of said Company, the sum of FIVE THOUSAND DOLLARS, it being in full of all claims and demands for loss or damage under Policy No. 2,316, issued at the Lafayette, Ind., Agency of the said Company, the loss originating by destruction of Printing Stock, on Feb. 23d, 1864. W. H. SCHUYLER, for Lafayette Jour. Co.

WOOLEN FACTORY,

Janesville, Wis.

The subscriber at the Factory known as the

"STONE MILLS,"

on the Monterey Water Power, has two sets of wide machinery in full operation, and is now putting in the third set, making it the

Largest Mill in the Northwest,

and about three times as large as the other Factories in the State.

Having a large establishment he is enabled to employ better workmen, do business to better advantage and with more promptness, and offer to customers better inducements for their patronage than can be done at any other mill in the State.

Those who have used the cloths made at this mill, both by myself and tenants for the past 12 years can bear witness to their superior quality. If other testimony were needed, the following from the dry goods article in the Chicago *Tribune*, of November 4th, 1863, might be added:

"The trade in woolen goods is now unusually brisk, and rarely if ever have we seen such a large and varied stock in market. It is noticeable also that the best qualities are of domestic manufacture, and quite a large assortment of Western goods are offered. Some of the best plain cassimeres in market at present are manufactured—not in England nor France—nor even in the Eastern States—but in Wisconsin and in several portions of Illinois, Indiana and Ohio. The goods sent to our market from the "Stone Mills," Janesville, (as exhibited by their agents, Bowen Bros., of this city,) deserve special mention because of their excellence in every particular, and because we consider it our duty as a journal to aid and foster home manufactures."

Customers may rely upon having their work done promptly, and from June 15th to Sept. 15th at the following extremely low rates.

TERMS OF EXCHANGE:

For 1¼ lbs. of wool a yard of Jeans, Tweed or Union Cassimere.
For 1¾ lbs. of wool a yard of Satinett or Flannel.
For 2 lbs. of wool a yard of Cassimere, either plain or fancy.

PRICES FOR MANUFACTURING:

60 lbs or more of wool, from 15 to 25 cents per yard, according to the kind of cloth made.
Roll Carding, where the bundles are 15 lbs or more, 4 cents per lb.
Cloth Dressing of all kinds done from 10 to 20 cents per yard.
Persons living at a distance can send their wool by Railroad or by Express, with full directions, and have their wool or cloth promptly returned to them.
A good assortment of CLOTHS for sale 25 per cent lower than they can be bought at any other place in town. F. WHITAKER.

FLUX.

DR. STRICKLAND'S ANTI-CHOLERA MIXTURE,

is a compound of astringents, absorbents, stimulants and carminatives, which every physician acknowledges is the only preparation that will effect a permanent cure of diarrhœa and Dysentery. This Anti-Cholera Mixture is now in use in several of our Army Hospitals, where it gives the greatest satisfaction. It has saved the lives of thousands of our soldiers and citizens, and we will guarantee it to be the best remedy in the world for Diarrhœa and Dysentery.

Mr. Weeks of Covington, Ky., will be most happy to satisfy any one as to the virtue of Strickland's Anti-Cholera Mixture; in fact, we have a great number of testimonials from patients who have been cured after being pronounced incurable by their physicians, some after taking only one bottle of Strickland's Anti-Cholera Mixture. If you suffer with Diarrhœa and Dysentery, try one bottle.

SOLDIERS,

you ought not to be without such a valuable medicine. The Cincinnati *National Union*, of April 21th, says that "thousands of our soldiers have been saved by the use of Strickland's Anti-Cholera Mixture."

INDIAN SOLDIERS.—Says the Washington correspondent of the Utica *Herald:*

I inquired of one of the wounded Indians of the Michigan sharpshooters, how he liked fighting the rebels?

"I liked it good when we whip them," he answered. Well, said I, you did whip them down in Virginia, didn't you?"

"Yes," he answered, "we whip them good;" thus giving in a few words a very full statement of the result of the fighting in the Wilderness before Spottsylvania. Those Indians are said to have done capitally, scouting and skirmishing in the Wilderness.

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis., one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Notwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1864 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the hinges.

Those buying Reapers alone can have Mowers the next year or thereafter for the same price, as the difference between reaper and mower.

We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.

Please send in your orders early to be sure of a machine, as positively only one hundred of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.

They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time. One half the 1st of September, 1864, the balance the 1st of September, 1865.

Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on castor wheels upon short notice. Men will be on hand to repair promptly. Charges light as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. All orders should be directed to

[Translated from the French.]

After having played on the Pianos of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities which have acquired for them the eminent reputation which they enjoy. The Pianos of this manufacture, on which I have played, are exceedingly remarkable for their qualities. The Tone is powerful without hardness, and the upper notes sweet, clear and harmoniously full, (chaud-velins,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

TUESDAY, JUNE 7, 1864.

Old Birds are not Caught with Chaff.

The malcontents who met in Cleveland the other day, expressed great regret over the absence of Horace Greeley, who had been confidently counted on to be present and give some sort of character to the proceedings. His well known hostility to Mr. Lincoln's re-nomination, or at least his undisguised preference for Fremont, gave those obscure individuals who tricked themselves out in the tinsel of politicians, reason to hope that the powerful influence of the *Tribune* would be given to their candidate. But Mr. Greeley has been in political life too long to read the lessons of the times backwards, neither does he belong to that breed of dunces who are caught with their hooks upside down; and seeing what a shameful fizzle the Cleveland Convention must be from the very necessity of the case, the white-coated philosopher kept himself aloof from it. Not only does he give it the cold shoulder personally, but he does not publish the proceedings in his *Tribune*; whereupon the New York *World* (malignant copperhead) that has become the especial champion of the Fremont movement, twits the *Tribune* editor for having backed out, after this fashion:

"It is a curious circumstance that the *Tribune*, whose editor has been so strongly committed to the anti-Lincoln movement, could not find room yesterday for the proceedings of the Cleveland Convention. Its readers were compelled to buy the *World* to read Wendell Phillip's letter, Cochrane's speech, the German radical resolutions, etc. This fact, together with Mr. Greeley's reported sudden conversion to Lincolnism, and his presence in Washington on Tuesday, is furnishing the scandal-mongers with some choice bits of gossip. It is is curious, by the way, that Mr. Greeley should have changed his mind so suddenly."

Mr. Greeley's "sudden conversion to Lincolnism" we do not believe to have been either "sudden" or pleasant, but he has seen the inevitable tendency of things in a certain direction and is too much of a philosopher to kick against the pricks. He is willing to wave his own personal preferences for the general good, and is not so insane as to become a man-worshiper at a time when every true patriot makes haste to cast out the evil spirit of faction, and inscribe upon his banner "*the union of the party for the sake of the Union.*" When nearly every loyal State and some of the semi-loyal ones declare for Abraham Lincoln and instruct their delegates to vote for him first, last and all the time, as they will do in Convention at Baltimore to-day, it will not pay any loyal man who has the best interests of the Republic at at heart and who wishes to see the integrity of our government preserved, to run with the Cleveland machine. If the nominee of the Baltimore convention is not elected the chief magistrate of the nation, the candidate of the copperheads will be, and the American people will feel next fall the awful responsibility that rests upon them in the exercise of their sacred right of suffrage as they have never felt it before. They cannot afford to fritter away now the life of the nation that they have made so many sacrifices to preserve. They cannot afford to retrace the bloody steps that the inscrutable decree of an over-ruling Providence has compelled them to take for humanity's sake, and turn over the management of affairs to the hands of those whose bowels of compassion are continually exercised toward those men whose murderous clutch is now at the nation's throat. They can not stop to redress the grievances of any one man, be he Mr. Fremont or any one else. The dreadful necessities of the hour will not admit of it. Principles are at stake as enduring and as sacred as humanity, and run parallel with the destiny of the race of man. Compared with these the wrongs of single individuals, of cliques and of parties, are no more to be regarded, than the motes that float in the sunbeam.

IN ENGLAND it is no easy matter to become an attorney and solicitor. Since 1843 and 1801 the process is as follows: Before one can be articled, even as a clerk, he must pass an examination before special examiners, and be able to write from dictation; must possess a knowledge of composition, grammer, geography, history, &c., and submit to questions on some subject in Latin, Greek, German, French, Spanish or Italian. If successful, he must next be articled to a practising solicitor, paying a premium for his articles of from £5 to £100, according to the respectability of the office into which he enters. In London the fee is as high as £200 or £200. On these articles a stamp duty of £80 is also paid, and the term of service under them is five years. When he is finally examined for admission he has to pay other fees of from £30 to £40, and much more on being allowed to practice in the respective courts.

IT APPEARS that the rebels in the vicinity of Fredericksburg and the Wilderness, have been paroling sick and straggling soldiers who have fallen into their hands. These by constructing rafts, manage to make their way out into the river, where they show signs of distress, and are picked up by passing boats and taken to Washington.

SURGICAL AID FROM WISCONSIN.—In a letter to Gov. Lewis from Washington, May 27th. Surgeon General Wolcott writes:

The views of the acting Surgeon General, and they fully accord with my own, are, that surgical aid from our state more appropriately belongs to the western army under Gen. Sherman, and that when assistance is needed in that quarter, Assistant General Wood, of St. Louis, will call for such numbers of the "Aid Corps" as he may deem necessary.

THE publishers of the Chicago *Tribune* have been sued for libel. They charged a democratic alderman of Chicago with an attempt to bribe a republican alderman. Damages considered $20,000.

A Scene of Sherman's Operations.

A correspondent of the Cincinnati *Commercial*, writing from the battle-field of Resaca,, in Georgia, under date of May 16th, says:

I was led to believe by reports of persons and deserters that the railways of the south, and especially the road running from Atlanta to the front, was in a wretched state of repairs. But such is not the case. The road from Resaca to Ringgold is not equalled by any road south of the Ohio except that of the Memphis and Charleston line. What seems a little strange is the fact that as the enemy took the back track not a rail was disturbed nor the slightest injury inflicted on any part of the line. The rolling stock was all run off, and the naked track left uninjured. Prominent officers captured with whom I have conversed, assert that the reason the road was not disturbed is that the enemy expects to drive back Sherman and recover the country now placed at his mercy.

From Ringgold to Resaca the country is much broken by hills. Catoosa valley, stretching from Hooker's Gap to Buzzard Roost Gap, is very fertile and well watered, but has never been much cultivated. A few farms are found occupied by poor union families, who, preferring our rule to that of Davis, have remained in squalid poverty to eke out a miserable existence, until peace once more showers its blessings, for three years denied them, upon them. On the left of Rocky Face, in Crow Valley, splendid farms are found, and large portions of them are robed in mantles of green which in a few weeks will give back a bountiful return for the labor of planting.

Leaving Dalton in the rear, we strike a large country bounded on the west by the Chattanooga mountains and on the east by the waters of the Ostenaula. It extends from Dalton to the confluence of snake Creek with the Ostenaula, two miles below Resaca. This is known as sugar valley, and is the scene of the victory which we have just achieved over the enemy. The valley has but few cultivated farms, as it is much broken by hills, and the soil is inferior to other portions of the country over which we have passed.

Gossip about General Grant.

[Correspondence Boston Journal.]

Many inquiries have been made about General Grant's politics. I am happy to inform your readers from his own lips to what party he belongs and under what banner he marches. A near relative of his has been passing some time in this city. While with General Grant at the West, before he was made Lieutenant General, the friend said to him: "General, I have been inquired of to-day about your politics." "Did you give the parties any information?" was the quiet query. "I did not," was the answer, "for I don't know what your politics are." Knocking the ashes from his cigar, the general continued: "When I resided at the South I had the opinions and prejudices of Southern people against the Republican party. I brought those opinions and prejudices with me when I came to Illinois. Had I taken an active part in politics I should have been with the party opposed to the Republicans. I watched Mr Lincoln's course, and was satisfied with his patriotism. But these are not the times for parties. Indeed, in this crisis there can be but two parties—those for the country, those for its foes. I belong to the party for the Union. Those who are the most earnest in carrying on the war and putting down the rebellion, have my support. As a soldier, I obey the laws and execute the orders of all my superiors. I expect every man under me to do the same. "When Mrs. Grant left Washington for her Western home she remained a short time in this city at the Fifth Avenue Hotel. Several gentlemen called upon her, and in the course of the conversation congratulated her on the elevation of her husband, and expressed a hope that he would be successful in this campaign. Her whole manner, quiet, dignified and reserved, seemed to express surprise that any one could doubt his success. Pausing a moment she replied: "I have no doubt but the General will succeed for he is a very *obstinate* man. A Galena neighbor of the Commanding General has been stopping here some time and seems utterly confounded with the sudden growth of his nighbor, the tanner. He can't account for it, for he was not a marked man in his home, and nobody supposed him a great man; he seldom talked, asked no advice, gave none to any one, but always did what he ageed to and at the time.

Wooden Arms and Legs.

[From The Journal of Commerce.]

Every crippled soldier receives from the medical director of the military department for which he enlisted or was drafted, an order upon some manufacturer with whom the government has a contract, to make good his missing limb. For a leg or an arm, made in the best style, the government pays to the maker $50. There is one variety of arm, possessing the life like characteristic of a wrist motion, for which Dr. Palmer is allowed to charge $100, of which sum the government pays $50, leaving the soldier to pay the balance if he desires that superior article.

The applicants are so numerous that the makers are nearly six months behind in filling orders. This is explained by the fact that each customer has to be measured with anatomical accuracy. The wooden leg must be a duplicate of the sound one in length, size, general shape. The foot must be of the same size and ankle in its relation to the legs as the flesh and blood one.

In weight, however, the semblance ceases. The average weight of wooden legs (made from English willow, which combines strength and lightness in an extraordinary degree) is about 3½ lbs. A leg of this weight is strong enough to bear up a heavy body. Persons of short and slender build, who do not have occasion to walk about much, can get along with 2½ lb. size. With the improved wooden leg, a man can walk rapidly, dance discreetly, run up and down stairs pretty nimbly, run at a moderate gait, and inflict a kick, not to be despised for its momentum and pointedness. The wearer can promenade Broadway, and not be suspected of a ligneous underpinning. It is almost impossible, even when told that he wears a wooden leg to tell which it is.

An artificial leg, with use, will last 12 or 15 years, without repairs. When it begins to grow shaky in the joints, the wearer has but to send it to the maker, and it is soon fixed up as new. With care it will outlast a real leg. After the wearer has become accustomed to it, it gives him no pain. In time it becomes his pet leg, cherished with peculiar affection because it enjoys a perpetual immunity from corns, chilblains and the strangulation of tight boots.

The improved wooden arm, with the motion, and the finger springs, enables the wearer to do a great deal of useful work, and even to labor at difficult mechanical handicrafts. One man in this city, who has two artificial arms of the best pattern, manages a knife and fork and gestulates so naturally that no one would suspect the amount of wood in his bracial members, but for the circumstance that he always wears gloves. His fingers, when at rest, assume a position even more graceful than those of most people's fleshy hands—those most troublesome of the extremities to make a satisfactory disposition of.

It is some consolation to know that one of the horrors of war, which will not survive the war itself will be the spectacle of soldiers going about the streets on crutches, or carrying empty coat sleeves pinned to gallant breasts.

NATIVE WINES.—Sacred History abounds in allusions to wine, and as there are thirteen distinct Hebrew terms, used in the Bible to distinguish vintages of different kinds, condition and ages, it is evident that the "ancient people" were no less particular in the matter of "brands" than are the people of the present day. The Greek and Romans had two hundred varieties, of which the "Falernian" was the choicest; and the products of particular vineyards were as highly esteemed in Athens and Rome, as the Cliquot and Metternich wines now are in London and Paris. The wines of antiquity were often villainously adulterated. The art of "doctoring" the juice of the grape is so far from being a modern invention that it dates back to the siege of Troy. Helen, the fair and frail, is said to have learned the trick in Egypt, and to have practised it for the sake of increasing the exhilerating properties of the wine she gave to the defenders of the city after a hard battle with the Greeks.

The safest and best of all exhilarants is *good wine*. Many physicians and matrons suppose we must have foreign wine. There is one hundred times the quantity of wines exported from France, Spain and Germany, than can be manufactured there from the quantity of grapes. There is but one safeguard, and that is to use our pure native wines. Imported wines now pay a heavy duty, and a bottle of real Port or Sherry can only be obtained at a high price. There is no duty or tax on native wines—therefore, in the name of purity and economy, let us have our own native wines.

Messrs. Bennett Pieters & Co., of Chicago, always have an assorted stock of fine imported wines in U. S. bonded warehouses, from the most reliable houses of France, Spain and Germany, also brandies, gins, rums, &c.; and have for the past three years been making extensive preparations for the manufacture of home-made wines. They have the most extensive arrangements with fruit, growers, and in the proper season they gather strawberries, cherries, peaches, blackberries, raspberries &c. &c., to an enormous amount. Their strawberry, cherry, blackberry, raspberry and muscat wines far excel many of the imported wines, both in purity and exhilarating effects. Many of these home-made wines are being largely adulterated, and many a bottle of cherry wine is sold, which never had a drop of cherry juice in it. Buy none but those with the unmistakable label of Bennett Pieters & Co. These gentlemen are men of high respectability, and guarantee every article from their house, pure and unadulterated.

WOOLEN FACTORY,

Janesville, Wis.

The subscriber at the Factory known as the

"STONE MILLS,"

on the Monterey Water Power, has two sets of wide machinery in full operation, and is now putting in the third set, making it the

Largest Mill in the Northwest,

and about three times as large as the other Factories in the State.

Having a large establishment he is enabled to employ better workmen, do business to better advantage and with more promptness, and offer to customers better inducements for their patronage than can be done at any other mill in the State.

Those who have used the cloths made at this mill, both by myself and tenants for the past 12 years can bear witness to their superior quality. If other testimony were needed, the following from the dry goods article in the Chicago *Tribune*, of November 4th, 1863, might be added:

"The trade in woolen goods is now unusually brisk, and rarely if ever have we seen such a large and varied stock in market. It is noticeable also that the best qualities are of domestic manufacture, and quite a large assortment of Western goods are offered. Some of the best plain cassimeres in market at present are manufactured—not in England nor France—nor even in the Eastern States—but in Wisconsin and in several portions of Illinois, Indiana and Ohio. The goods sent to our market from the "Stone Mills," Janesville, (as exhibited by their agents, Bowen Bros., of this city,) deserve special mention because of their excellence in every particular, and because we consider it our duty as a journalist to aid and foster home manufactures."

Customers may rely upon having their work done promptly, and from June 15th to Sept. 15th at the following extremely low rates.

TERMS OF EXCHANGE:

For 1¼ lbs. of wool a yard of Jeans, Tweed or Union Cassimere.
For 1½ lbs. of wool a yard of Satinett or Flannel.
For 2 lbs. of wool a yard of Cassimere, either plain or fancy.

PRICES FOR MANUFACTURING:

50 lbs or more of wool, from 15 to 25 cents per yard, according to the kind of cloth made.

Roll Carding, where the bundles are 16 lbs or more, 4 cents per lb.

Cloth Dressing of all kinds done from 10 to 20 cents per yard.

Persons living at a distance can send their wool by Railroad or by Express, with full directions, and have their wool or cloth promptly returned to them.

A good assortment of CLOTHS for sale 25 per cent lower than they can be bought at any other place in town.

STOMACH BITTERS.

The proprietors of this justly esteemed and well known Red Jacket Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take a *fling* at *all* other Bitters and proclaim in small capitals that they are worthless Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native chief of the forest, and with the addition of a few herbs by Dr Clapan, is made agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from torpid Liver or Indigestion

They strengthen and invigorate the system
They are unequaled for general debility
They are a sure cure for dyspepsia
They give a good and healthy appetite
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague
They relieve constipation
They cure Nervous Headache
They are perfectly pure and palatable
They make the debilitated strong, and restore to strength the exhausted

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, and all of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength

☞ Price, Cherokee Remedy, $2 per bottle, or three bottles for $5

INDIAN SOLDIERS.—Says the Washington correspondent of the Utica *Herald*:

I inquired of one of the wounded Indians of the Michigan sharpshooters, how he liked fighting the rebels?

"Liked it good when we whip them," he answered. Well, said I, you did whip them down in Virginia, didn't you?"

"Yes," he answered, "we whip them good;" thus giving in a few words a very full statement of the result of the fighting in the Wilderness before Spottsylvania. Those Indians are said to have done capitally, scouting and skirmishing in the Wilderness.

FARMERS, TAKE NOTICE!

The undersigned are having made at Beloit, Wis., one hundred of those Reapers known as the

Cheap, or Webber Reaper!

Notwithstanding the increase of nearly double in price over other years of all materials put in Reapers, we are going to sell for 1861 at about the same prices as before. Our prices at the shop are $110 cash for single Reaper, for Reaper and Mower $140. We are making Fifty Mowers, which will be warranted to do good work. They will be made of steel bars of the Buckeye pattern, except the hingon.

Those buying Reapers alone can have Mowers the next year or thereafter for the same price, as the difference between reaper and mower.

We do not deem it necessary to extol our Reaper, for it is already known to be the only two-horse Reaper in use. Notwithstanding a great many are used with two horses, they ought to use three or four, and some of them six, to be as easy to the horse as ours are to two ordinary horses.

Please send in your orders early to be sure of a machine, as positively only one hundred of them will be built, and we will warrant each and every machine to

Work Well in all Kinds of Grain!

The Reels will be different from last year. They will be the over hanging reel, and have six bats instead of four keeping the reel, holding the grain to the sickle steady.

They will be shipped to any depot in Wisconsin or Illinois. Ten per cent. will be added if sold on time. One half the 1st of September, 1864, the balance the 1st of September, 1865.

Those buying machines will confer a favor by giving this machine publicity in their respective neighborhoods. When material gets to its usual stage we intend to make it a ninety dollar machine, and should have done it but for the unprecedented high prices of everything to construct machines with.

The Reaper Shop at Afton!

will attend strictly to the repairing of the Webber Reaper. None others wanted. We are prepared to change from chain to belt, put on caster wheels upon short notice. Men will be on hand to repair promptly. Charges high as the cost of material will admit. We shall manufacture none at that place, consequently we will be prepared to repair. Work solicited. All orders should be directed to

COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Pianos of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

Signed, L. M. GOTTSCHALK. feb20dawtf D. D. Wilson, Janesville, Wis.

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take a *fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stepping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

Good News for the Unfortunate!

THE LONG SOUGHT FOR

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

☞ It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

☞ It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

☞ Price, Cherokee Remedy, $2 per bottle, or three bottles for $5.

☞ Price, Cherokee Injection, $2 per bottle, or three bottles for $5.

☞ Sent by Express to any address on receipt of price.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free to any address, a full treatise.

All such orders must be sent to E. F. COLWELL, our agent for Janesville, Wis.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, DESPAIR NOT! the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!
